The Office of Packaging and Transportation (OPT) protects people and the environment by ensuring safe, compliant and efficient packaging and transportation of materials. We achieve this mission by conducting packaging and transportation assessments and oversight; assisting field sites; and developing and managing policies, guidance and tools in accordance with DOE requirements and government regulations.

- **Compliance and safety**
  - Motor Carrier Evaluation Program (MCEP)
  - Transportation Compliance Assurance Program (TCAP) for DOE sites
- **Packaging Certification Program (PCP)**
- **Stakeholder engagement and training**
  - Transportation Emergency Preparedness Program (TEPP)
  - National Transportation Stakeholders Forum (NTSF)
- **Transportation planning and management tools**
  - ATLAS, RADCALC, TRAGIS
- **Field support**
  - Program support for site transportation managers
  - Transportation Management Council; Packaging Management Council
- **Policy and regulatory support**
  - DOE Orders
  - Engagement with Nuclear Regulatory Commission, Department of Transportation, and other federal agencies
