Have you ever wondered what it takes to produce over 1,000 coins per second? The Royal Canadian Mint in Winnipeg is a high-tech, high-volume manufacturing facility. Take a guided tour of operations, enjoy lunch, and capture what it feels like to "hold some gold." After the Mint, there is no better way to get into the Manitoba spirit than to experience first-hand Manitoba's growing craft brewery and distillery industry. Learn how the products are made while sampling tastes designed to please every palate — and feel free to take a bit of Manitoba home with you.
