

Midwestern Radioactive Materials Transportation Committee (MRMTC) Member Survey 2023 Results

Please rate the following aspects of the CSG Midwest staff's service to you and your state.

What one thing would you say the CSG Midwest staff does well (please be specific)?

7 responses

- Great communication
- Promote the Planning Guide a bit better. Many Shippers of RAM have never heard of it.
- Answering any questions that they may get asked or directing you to individuals that have have the answers.
- Good communication.
- Communication is usually pretty goof
- They always try to get legislators involved in CSG activities.
- The flow of communication/information is stellar

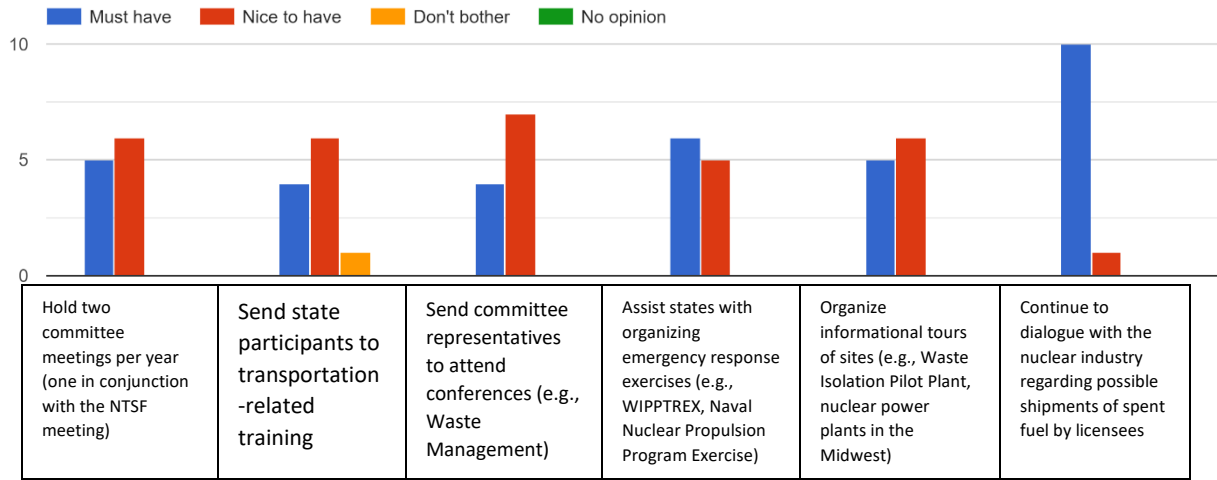

What one thing could the staff do better (please be specific)?

4 responses

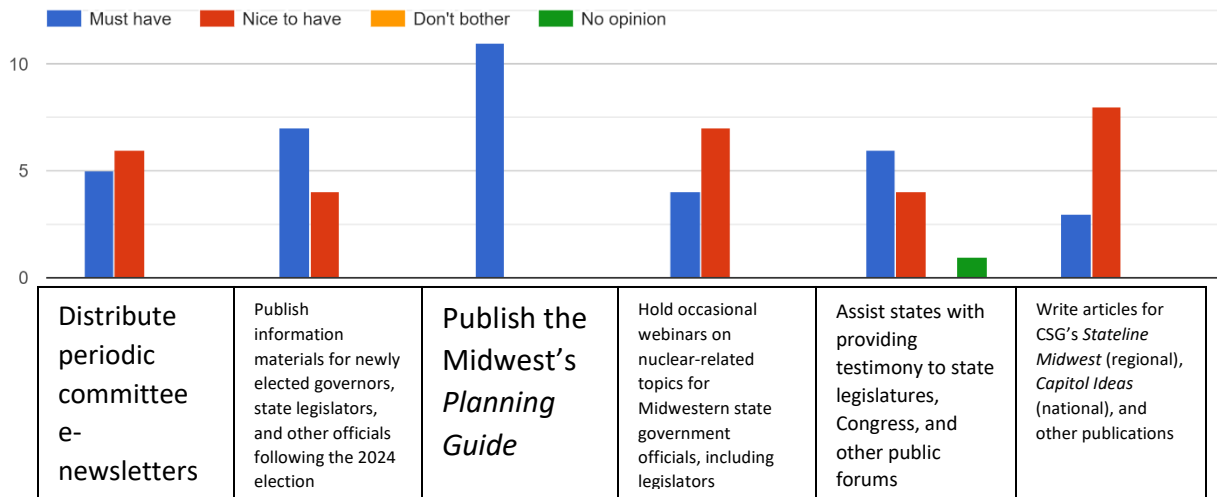

- Staff has been wonderful to work with.
- Can't think of anything.
- planning for some of the state people was tricky
- I can't think of anything significant.

2 responses

- Nothing I can think of.
- None

Midwestern Radioactive Materials Transportation Committee (MRMTC) Member Survey 2023 Results

The committee has an e-newsletter that CSG Midwest publishes monthly. How often do you read any part of the newsletter?

11 responses

What is the biggest benefit you derive or hope to derive from representing your state on the Midwestern Radioactive Materials Transportation Committee?

6 responses

- Timely and accurate information
- Improved access to stakeholders of the other states, as well as gaining an understanding of their "best practices".
- Keeping informed to be able to answer questions and concerns.
- Learnign what is going on and trainings happening
- Preparation for shipments. Bringing back info to my legislative colleagues about why shipments are needed, and current federal status.
- Sense of pride/purpose in representing the state of the Nebraska

How do you feel about the opportunities you have to contribute to the work of the committee?
